

It is clear this board has never accepted an opportunity to settle all issues you guys seem to have here with the owner members but continue to ramp up attorney fees fighting all of us at every turn and this attorney threatening us with lawsuits if we do anything the board doesn't approve. I know that if you were not on this board, you would stand with us. We voted you on excited for change to only have a board that formed a click and started buying up lots for votes? and "developing" in mind, along with using the bylaws against us and speaking to this attorney instead of working with all of us to resolve these budget issues. Tom and Chase "say" you are Christian. Tom prayed over a meeting at the fire station. I was thrilled. And yet you 2 are condoning your actions to attack owners here at every turn, while knowing none of us approve this 300% raise in dues. We will never pay this. Both Chase and Tommy are not who they say they are. I know this because you 2 would never would have started all this in the first place and even though you have, you both would have come around and started working WITH all of us here to resolve all issues, but you refuse. You actively and actually refuse. Both of you, professing to be men of faith would never have turned to this attorney for advice, legal counsel, but to God. Shame on both of you. Especially Chase, who I called my friend. Owners here are very broken and concerned and trust none of you. God is with us, not this board. We will prevail here on Pine Mountain and this next board coming up will make peace here once and for all on Pine Mountain. We will get all our finances straight and move forward. We will work WITH Sean to resolve the water payment he owes in a respectful, honest manner. The board members only duties are to maintain the common areas and retain the appreciation of properties and have the only requirement: COMMON SENSE. Common sense tells me you do not alienate your neighbors. We will clean up our POA by volunteers here, we will have open and in person monthly meetings, getting back dues current, donations where needed to fix roads ourselves, maintenance of water tanks and machinery, looking for golf companies to lease the front for golfers and most of all, respecting neighbors and treating all members with honest communication. You should reconsider your role as board members, repent, and start working with neighbors here. Michele Herington
